A growing movement amongst winemakers is to take a back to basics approach to allow the grape varietal and terroir to shine without intervention. Wines made in this way are often described as 'natural wines'. They are often also vegan, organic and biodynamic although it's such a new concept there isn't actually a legal definition yet!

the future is orange

New to many, but we're pleased to be able to stock this exciting 'fourth colour' of wines. Also known as 'skin contact' wines they are made using white grapes but in a red wine method. This means the skins are left with the juice for a period of time giving it colour and tannin. The resulting wines have the freshness, vivacity, and energy of whites, with the complexity, grip and body of reds. We love them - and hope you'll give them a try!

This could be misleading; allow us to nip a potential misunderstanding in the bud... A bar that's 'Quintessentially British'? Crikey.

We don't have the time (or inclination) to define Britishness. But we think you'll relish a relaxed, friendly and beautiful-looking bar, one with a certain - some might say old-fashioned - devotion to excellent drinks expertly served by knowledgeable staff.

A bar whose charms don't shout too loudly for your attention, only to leave you cold and looking elsewhere in weeks; but rather a place that speaks softly, engages and grows on you, wins your love and loyalty with its sumptuous style and relaxed atmosphere.

QUINTESSENTIALLY BRITISH

The Queensberry Rules

What prevents us drowning in a quagmire of anarchy and excess? Rules. The rules of nature (water will not run uphill); the rules of decency (no, after YOU); and the New Queensberry Rules which, we're sure you'll agree, amount to no more than common sense

1. Manners, decorum and kindness to be shown at all times
2. No indoor horse-riding, audible obscenities or shouting into mobile phones at any time
3. It's Bath, ok? With the A pronounced like the A in arm, not the A in bat
4. The sign of a true gentleman, and a lady, is to know one's limit
5. Gentlemen whose trousers fail to reach the ankle may be discouraged from wearing white socks, at the discretion of the management
6. Anyone overheard attempting to sell timeshare properties in the bar may be asked to leave
7. Headstands, handstands, cartwheels and Arab springs are permitted in the bar only with the management's written approval, and appropriate insurance documents
8. Please remove motorcycle helmets before attempting to drink
9. Anyone attempting to secure bar staff's attention by clicking their fingers will be scowled at, perhaps even ignored. Our bar staff may be cute, but they are not puppies
10. Customers whose laugh sounds like Woody Woodpecker turned up too loud may be looked at funny. It might not be right, we're just saying we might not be able to help it
11. No stilts, pogosticks, space-hoppers, flaming torches or whips at the bar
12. Management and staff reserve the right sometimes not to look all that well. They're probably just tired, ok? I mean, have you seen the hours they work? YOU try putting in those shifts and always looking like you've just had a facial, a haircut, a manicure and a holiday

Prohibition Cocktails

Prohibition? I drink to its health whenever I can.

20th Century Cocktails

It's never too early for a cocktail.

Noel Coward

Cocktail culture went through a bumpy journey in the 1900s, which is perhaps not surprising given all that happened. Thankfully some more discerning bartenders created drinks that have stood the test of time and here we celebrate the work of these wonderful folk.
